Microgrids: The Critical Link for A Smart Grid Solution

Wednesday, March 17, 2010

11:00 AM – 2:00 PM

USEA Executive Conference Room

[Lunch Provided]

Please join us for an informational and educational workshop at the US Energy Association (USEA). Designed for officials from Federal, State, and local governments and agencies, as well as representatives from public and private sector companies, the Microgrid Workshop will address several key questions, including:

- *What is a Microgrid and how does it operate with the existing electricity grid?*
- *Why are Microgrids important for a national Smart Grid solution?*
- *Who should develop Microgrid projects and what are the costs and benefits of such a project?*

Featured Guests:

John Mizroch

*Of Counsel, Energy and Clean Technology Group
Wilson Sonsini Goodrich & Rosati, PC*

Guy Warner

*Chief Executive Officer
Pareto Energy*

Others

*City of Stamford, CT
New Jersey Bureau of Public Utilities
Pike Research
Alliance for Climate Protection
Howard University & Hospital*

Please confirm your attendance by email to reply@usea.org or fax 202-682-1682.
