CALL FOR NOMINATIONS

USEA is now accepting nominations for its **2015 United States Energy Award**.

The United States Energy Award was established in 1989 to recognize preeminent energy leadership initiatives and contributions to international understanding of energy issues. Each year, the United States Energy Association solicits nominations of individuals in the industry to receive this distinguished award. The Award Selection Committee, composed of national energy leaders, examines each nomination for a clearly articulated set of values and history of proven accomplishments and international contributions, which promote a greater understanding of energy issues. Support for the United States Energy Association is a major consideration.

The Award is presented annually during the USEA Spring membership meeting. Selected recipient must be present to receive the award.

A letter of nomination is all that is required or click [here](http://www.usea.org) to print the nomination form. **Nominations must be received by March 2, 2015** for consideration.

Nominations may be submitted by mail, fax or email to:

**2015 UNITED STATES ENERGY AWARD**

United States Energy Association (USEA)

1300 Pennsylvania Avenue, NW, Suite 550

Washington, DC 20004
