

The significance of Trump's executive order to reduce environmental regulations ^[1]

- March 28th, 2017

Mar. 28, 2017 - 1:43 - Barry Worthington of the U.S. Energy Association on Trump's executive order rolling back Obama-era climate policies.

Just as the White House signed a new Executive Order Tuesday reversing President Obama's climate policies, USEA Executive Director Barry Worthington explains to Fox Business host, Trish Regan, just how overregulated the energy industry is. In the 20 years of the Clean Power Plan, three administrations enacted 8 regulations. In the eight years of his presidency, President Obama enacted 56.
